Marshall Center Welcomes NASA Summer Faculty Fellows

NASA's 1997 Summer Faculty Fellows program is now under way at Marshall. The Center is hosting 52 university engineering and science educators participating in the program. The 10-week session brings teachers together to further their professional knowledge and stimulate an exchange of ideas between teachers and NASA employees.

Flying Activity Holds Open House at Arsenal Saturday

Marshall employees, contractors and family members are invited to a free Redstone Flying Activity Open House, 10 a.m. - 3 p.m., Saturday on the southwest side of Redstone Airfield. Mini flying lessons will be offered at \$20 for adults and \$15 for children. Aerial tours of Huntsville will also be available. The open house is intended to acquaint potential users with the full range of flight training and aircraft rental services available here. **Contact:** Flying Activity, 881-3980 or 880-9495.
